

ASSESSMENT ANALYSIS AREA

Wildland Fire and Fuels

A hydrologic unit (HUC) watershed is a drainage area delineated to nest in a multi-level, hierarchical drainage system. For analysis purposes, an existing HUC boundary that encompasses these lands and stakeholders has been used, when applicable or relevant, throughout the assessment

Land Ownership by Agency

- FWS
- DNR
- DOD
- Charleston County
- SC State Park Service
- SC Forestry Commission
- USFS Ownership Lands

General Jurisdictions

- County Boundaries
- Municipal Fire Jurisdiction
- USFS Proclamation Boundary

General Reference

- Urban Area
